

Flipbooks are one of our most unique and new attractions!

Flipping over Flipbooks!

Unlimited Flip books at your event! 30-40 per hour

Great for ALL ages!

Guests create a quick 6 second video that features them, their family and friends. They are provided with a ton of props (wigs, hats, funny glasses, signs, etc) to use to make whatever kind of video they desire. This video is then printed, cut, made into a booklet, stapled and handed out as an amazing and memorable souvenir... all in about 90 seconds!

Your guests will get to take home a lasting memory of your event that can be customized with your event information, logo, etc.

There aren't too many favors that give the recipient a sense of nostalgia, delight, and wonder all at once – but the flipbook is one of them! Flip books are a childhood classic. Turn the pages rapidly and it's instant silent movie time.
